ULTIMATE CARE  
*local like you*

# Welcome to Ultimate Care Mt Victoria, where our aim is to make you feel *at home.*

Our facility is something special with its established garden setting and panoramic views overlooking Newtown, multiple lounge areas, and sunny courtyard.

We offer comfortable single rooms and are committed to providing the best care for our residents including rest home, hospital, day programme, respite, and end of life care; as well as 24-hour emergency GP support.

We employ friendly, trained staff, offer nutritious home cooking by an onsite chef, and have an extensive activities programme for residents to enjoy.

Residents, families and visitors enjoy the relaxed, friendly atmosphere at Mt Victoria, and being treated with the respect that comes with our personalised care approach.

## Our approach to care

Our philosophy is to provide extra support as residents need it. We work with residents, families and our medical teams to create personalised care plans, and provide ongoing assessment. Our staff receive ongoing training to ensure every member of our team can deliver care to our highest standards.

If you or your loved one needs short-term rest home or hospital care, come and talk to us – we'd love to help.

## Respite care

If you are not ready to move into a facility, but would benefit from a day out with people who care, you can enjoy a day at our facility. Our unique day programme includes local transport to and from our facility, meals, activities, and conversation with our trained staff and welcoming residents.

Mt Victoria is part of the nationwide Ultimate Care Group, one of the largest residential aged care providers in New Zealand. Residents get the best of both worlds – personal facilities supported by the best resources and healthcare services.
